

STADIUM PLANS SET UP BEFORE TRUSTEES SOON

University of Illinois Athletic Field
Proposed by
Bob Zuppke.

(Special to The Argus.)

Urbana, Ill., Nov. 29.—Plans for the new stadium which is under consideration for the University of Illinois will be presented to the university board of trustees at its meeting on Dec. 15. Coach Robert E. Zuppke, Illinois' miracle man of football, will have charge of the stadium project, but selection of the site remains with the board.

Coach Zuppke has already suggested several plans to architects and they will be ready soon. He will make trips to Ohio State and Yale in the near future in order to study their stadium plans and get suggestions on means of raising money for the project. That the new stadium will not be in the shape of a bowl is almost certain. Yale is dissatisfied with the bowl in that there is no air circulation on the gridiron and on hot days it is almost impossible to play on the field.

A horseshoe shaped stadium with an opening at one end allowing free air circulation is the ideal type. It is likely that this style will be adopted here. It is proposed to build it large enough for 60,000 people and the athletic ground of which the stadium will only occupy a part will contain several gridirons, diamonds, tennis courts and cinder tracks.

One of the questions to be decided by the board is that of the location of the field. If it is built on the grounds near the Illinois Central tracks, it would have to be erected in sections and it would be several years before it is ready. As it could not be used until it was entirely finished for the seating capacity of just one side would be even smaller than the present maximum on Illinois field.

There is some agitation to build the stadium on Illinois field. In that event one side of the wooden bleachers could be torn down and the concrete stand constructed in its place without interference with the games. That is the method that is being used at Madison.

The whole question of the Illinois stadium drive, the goal and the desire of every true Illini, now rests with the board of trustees.

Shorty drops in on New York!

HERE WE ARE, PETE!

New York
Wednesday night

Camped once more in the plumb centre of our old stamping grounds—rubbing elbows with the roaring racket and running flush into more electric displays, blazing posters and smashing signs that sound the joys of Camel Cigarettes than you'd ever believe could be jammed into one town!

When I hit Broadway this p. m. I'd said the Reynolds folks had transplanted "Camel City" right up here!

It seems like all New Yorkers have adopted Camels as their own personal brand! And, Pete, since this is the original speed town it's only what you expect when you see 'em carry a package of Camels in each coat pocket. If their right hand is busy, they dig out their left hand deck—they just won't lose time getting a Camel lighted! That's the gait around here, old thorobred!

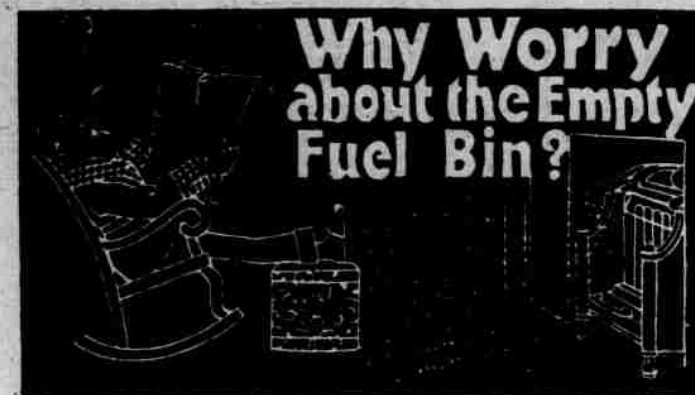

And, Pete, the New Yorker has his own A-1 pet reason why he's so keen for Camels. For instance, Doc Marshall will bet his car on Camels quality against any cigarette in the world! Bill James says to me—"Shorty, there never was mild, mellow body like Camels." And, as for Dan Boggs—he spills it that Camels are the only cigarette free from any unpleasant cigarette aftertaste or cigarette odor! And, he knows! Frank Frazer will tell you it's Camels wonderful Turkish and Domestic blend! And all of them are right!

And, Pete, old proof-of-the-pudding—you tell 'em that Missouri hasn't anything on little old New York when it comes to that "show me" stuff, on cigarettes or anything else!

Sincerely

Shorty

CIGARETTES

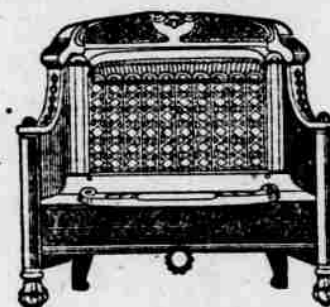

With heat like this to be had by turning a valve, why worry. You might go days without coal and still be comfortable. When coal is low, leave the furnace banked and keep living rooms at the right temperature with this "safety-first" fire.

STOMACH UPSET?

Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. Have you a bad taste, coated tongue, poor appetite, a lazy, don't-can feeling, no ambition or energy, trouble with undigested food? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.
